

Subject: Cancellation of the selection procedure

**Reference: DP / QCBS / MCA-M / ES-42 / Compact: " Selection of a firm for the Support for the monitoring and supervision of the implementation of SI-MASSAR support actions"**

We inform you that the selection procedure relating to the aforementioned request for proposals is canceled for non-expediency of the services relating thereto, in accordance with clause P1.B.2.25 of the Program Procurement Guidelines (PPG).

Indeed, from the date of preparation of the TORs to the date of launching of the consultation, the project team of the MCA-Morocco Agency has established a dynamic and a satisfactory rate of execution of the various programmed support actions as part of the SI-MASSAR subcomponent. As a result, the need for the MCA-Morocco Agency to contract for this service is no longer an opportunity.
